Charleston Home & Design Magazine recently featured an article on Luxury Bathrooms. The bathroom above was designed by Marta Mitchell Interior Design as part of a complete renovation of a beautiful old house.

The home, located on James Island, Charleston SC, has magnificent views of Charleston Bay, the Cooper River Bridge, the Yacht Club and the marshlands. It had been a family home for decades. The new owner contracted MMID to design the interior architecture with a new floorplan (complete interior gut); new rooms; furnishings; fixtures; solar power; etc. 5,000 square ft, 3 floors, 6 bedrooms & 6 bathrooms.

Additional photos of this “Charleston Waterfront” project are located on the SIGNATURE PROJECTS page of our website.

Other awards and recognitions for this MMID project include:

- **Charleston Home Builders Association. 2018 Award Winner**
- **The Charleston Post & Courier – Major Feature Article (6/3/2018)**
- **News2 TV WCBD “Living Local” Featured Home (June 2018)**
