“My master bathroom remodel was my second experience working with Marta. Marta and her entire staff were very professional, very talented, and loads of fun. I really looked forward to each of our meetings. The plans that Marta drew up were brilliant and clever, and she had an excellent working relationship with our building contractor. Marta stayed within our budget and time-frame, and she made the decision-making process very simple. I will certainly plan to work with Marta again on my next project.” – M.W.

## **Not Your Average Interior Designers**

We were excited to learn all about how [Marta Mitchell Interior Design](#) has been able to build such an impressive reputation, so we sat down with the Marketing Manager, Peter Mitchell.

The first thing we wanted to know was what it is that makes Marta Mitchell Interior Design stand apart from their local competitors. We learned about the importance that

Marta Mitchell Interior Design places on taking care of the needs and design visions of each individual client. Peter shared:

“Many design companies have an aesthetic, and what we mean by that is, you can walk into a place and you know who did the design because they all look the same. They all look either traditional or contemporary, or very similar. We don’t. We pride ourselves on the fact that we’re going to design the perfect style and layout for the individual client. We pride ourselves on designing in whatever style is important to the client, whether that be very contemporary, or very traditional, or everything in between.”

He went on to tell us about how this has led to outstanding customer satisfaction:

“We ask a lot of questions on the front end; we listen to what the client’s vision is for their project, and then we get creative and execute that. We make sure that we’re designing for the client so when the project is finished, it’s exactly what they want. That generates happy customers, and they generate happy reviews.”

## Building Success Through Referrals

[Marta Mitchell Interior Design](#) has managed to build an incredible reputation over the 30 years they have been in business, so it came as no surprise to us that the bulk of their business comes to them through referrals.

There are many businesses out there that are looking to build as impressive a reputation as Marta Mitchell Interior Design has managed to. We asked if Peter could share any expert advice with these companies. Here’s what they had to say:

“Other than all the obvious stuff, like using social media, it just takes time. It takes years of hard work and perseverance and one project at a time. With any company, when you start up, the first years are always tough. As you continue to do good work over time, you build your reputation and you build your brand, and that’s how you build success.”
