2021 Architecture Awards

BUILD

Architecture
Awards 2021

BUILD's highly anticipated Architecture Awards return in 2021 for the seventh consecutive year, with the ambition to recognize and spotlight the incredible works and designs conducted by the world's most pioneering designers and innovative architects.

With an impetus on sustainable and efficient methods being placed on modern projects, our awards will also recognize those that are pioneers in passive design. The Architecture Awards 2021 will commend companies, individuals, and projects across a myriad of sectors and through our merit-driven approach, we will ensure that only the most dedicated, creative, and awe-inspiring parties will receive one of our prestigious accolades.
