ASHLEY LAUREN DESIGN DIRECTOR/PARTNER

Founded in 1989, MM Interior Design Group is a 16-member team of highly skilled interior architects who design and coordinate residential and commercial projects. From small interior remodels to complete ground-up custom projects, MM Interior Design Group provides concept development, floor plan layouts, AutoCAD drawings and 3D renderings, virtual reality, plus selections for finishes, furniture and fixtures to ensure the client's interior vision is fully realized.

"While there are other designers in the Triad, no other firm can match our design capabilities and experience," says Mitchell. "Our team designs with the client in mind. We listen to their style and vision, then create a design that's perfect for them."

Based in Greensboro for 35 years, the firm has completed thousands of projects while maintaining a five-star Google rating. MM interior designers are qualified by the National Council for Interior Design (NCIDQ),

the highest industry certification. They are also licensed by the NC Board of Architecture and Registered Interior Designers. In addition, MM Interior Design Group has received 11 Excellence in Design awards from the American Society of Interior Design — the equivalent of an Oscar in the field.

When they aren't perfecting client spaces, the team members of this women-owned and -led business can be found enjoying their 13 children, 1 grandchild and multiple pets collectively.
