

MM Interior Design Group Named to Triad Business Journal's 2025 Fast 50 List

GREENSBORO, NC — September 30, 2025

MM Interior Design Group (MMIDG) has been named one of the Triad's fastest-growing companies, earning the #14 spot on the Triad Business Journal's prestigious [Fast 50 list for 2025](#). The award recognizes privately held businesses with exceptional revenue growth, innovation, and leadership across the greater Triad region.

Founded and headquartered in Greensboro, MMIDG credits its remarkable momentum to a team-driven, client-first approach that's powered industry-leading design, project management, and long-term relationships.

In a field where many businesses compete on trends or style alone, MMIDG's growth has been organic and deeply personal: over three decades, most clients and partners have been referred by others who experienced the firm's signature commitment to personal vision, transparent process, and inspired results.

A win for collaboration, clients and community

"We're proud to be recognized alongside so many dynamic businesses across the Triad," said Marta Mitchell, President and Principal Designer.

"This achievement is a direct reflection of our team's dedication, the clients who place their trust in us, and the genuine partnerships we've built with builders, architects, and the community. Earning a spot on the Fast 50 speaks to the power of relationships, growing by word-of-mouth—and listening first."

A milestone year for MMIDG

The Fast 50 inclusion caps a year of milestones for MMIDG—including [a major design award from ASID](#), a 2025 [George Matsumoto Prize](#), and the completion of some of the region's most complex [commercial projects](#). The firm's expansion reflects not only financial growth but a reputation for bringing together technology, expertise, and collaborative creativity to deliver spaces that are as unique as those who use them.

Two partners at MMIDG—Angela Austin and Ashley Lauren—also won Triad Business Journal's "40 Under 40" and "Outstanding Woman in Business," respectively, in 2025.
